At the beginning of each week the homework for each class will be posted on the school's website <https://www.holyghostschool.com> Click on Academics and then go to your child's grade level. For students who have more than one teacher, go to the teacher's home-room page and it will be listed there for that teacher's classes. Please keep in mind that these assignments are written for the week. It is possible that the assignment may change if extra time is needed for instruction and/or the teacher is able to move ahead. This is why it is so important that the students still be responsible for writing down their daily assignments in the Student Planner.

STEPS 4 STUDENTS

It would be phenomenal if we could get 100% of our school families/students registered for this event.

www.steps4students.org

Click on "On-line Register Now Open" Next, click on "teams" then scroll down and click on Holy Ghost School. After our school comes up, you can then follow the directions for either making a donation or registering. We truly want all our students and their families to be registered. You can create your own page and then get friends and co-workers to register and/or make a pledge to support our school. We are also going to be needing volunteers to help from every school. If you sign up for this, that will also count toward your 10 hours of required volunteer service. Be looking for more information to come for this event.
